Series Title:	Cultural Legacies Of Ancient Civilizations
Curriculum Area:	Social Studies
Grades:	7-12
# of Programs/Length:	8/15:00 minute programs

Through dramatic re-creations, 3D animations, insightful scripts, and worldwide location footage, this series connects both action events and key concepts that shaped each of the great Ancient Civilizations. These programs will grab students' attention to enhance and enrich the textbook, giving them a sense of the life and times, and revealing philosophical, political, economic, religious, and social ideas in each culture. The series also compels higher level thinking skills by challenging viewers to analyze some of the universal, historical conflicts between ideals and real events.
